TWO NEW HIGH SCHOOL BUILDINGS DEDICATED

A near-capacity audience attended the Dedication of the Albany High School Industrial Arts and Fine Arts buildings last Thursday night.

The program, held in the spacious Little Theater, began with a concert by the red-uniformed Albany High school band, directed by Ernest Douglas.

As the audience marveled at the beauty of the facility with its new gold curtains, vaulted ceiling and large stage, one after another tried out the tablet arms on the green-upholstered seats.

In his dedicatory remarks, Board of Education President Charles Pinkham stressed that while the theater may well become a "cultural center" for Albany, it is education-oriented as are all the new facilities.

(Already it has been used for lectures, showing of educational movies and for the orchestra concert. There is wiring for closed-circuit television, multiple microphone installation and broad use of audio-visual aids. The only light from outside is from a skylight, which may be covered with a flip of a switch.)

Pinkham said the new buildings are a source of great satisfaction to the school administration and faculty. Other bond money was used to remodel the science suites in the old buildings, demolish buildings on the campus to make way for the new structures and paving on the site.

"Never have so many of us owed so much to so many of you," Pinkham said. "It is to the City of Albany as a whole we owe the greatest debt." He paid tribute to a citizenry which espouses the cause of excellence in education.

Principal Harry Price, in accepting the new buildings, described what guests would see later in tours of the facilities.

Student Body President Gene Sullivan thanked Albany for the buildings, stating he would be

able to enjoy them but one semester because he is a senior.

Superintendent Kenneth Forry, who coincidentally was observing his birthday March 2, said the buildings will offer enriched educational experiences for Albany's young people. He accepted the California State and American Flags from Past Commander Al Drozda, who represented the donor, American Legion post 292.

Invocation was by the Rev. Marshall Lucky. Benediction was by Mgr. Pearse Donovan.

In addition to platform guests previously named, Mrs. George Jackle, Albany High school PTA president, was on the stage representing all PTAs.

Guests toured the new buildings, where faculty members were present to answer questions.

Clark Appoints H. F. Call As Fifth City Councilman

H. F. (Red) Call of 826 Kains, Albany jeweler, was appointed to City Council Monday night by Mayor Richard Clark.

The appointment fills the vacancy created by the death of Councilman Joe Egenberger on Jan. 9.

A standing-room-only audience, largest since Council moved into its new chambers, applauded when the appointment was announced. It followed the reading of a statement by the mayor outlining reasons for his selection.

Call was immediately sworn in by City Clerk Myrtle J. McLean and after shaking hands with other city officials, the new councilman took his seat at the left of the mayor. The formal Council session began shortly after 8 p.m.

One of the first motions was by Councilman Joe Carlevaro, who asked that Council support the mayor's appointment in the interest of unanimity and harmony. It was seconded by Councilman George Hein and passed unanimously.

Councilman Lewis Howell said that although there may be some disappointed candidates for the seat, the time had come to progress for the good of the city "as we have in the past." Hein agreed.

Other Matters

In other matters, Council authorized the mayor to proclaim March 12-19 as "DeMolay Week," and March 15 as "National Auto Theft Prevention Campaign." He approved a resolution establish-

AFS Breakfast

PRACTICING a "trial run" of coffee service for Albany's annual AFS Pancake Breakfast are Marjorie Keck, breakfast chairman, and Gene Arneson, local chapter president. The annual event will be held at Cornell School cafeteria Sunday morning, March 12, between 8:30 a.m. and 12:30 p.m.

AFS PANCAKE BREAKFAST IS SUNDAY, MARCH 12

The Albany AFS chapter will hold its annual pancake breakfast this Sunday morning, March 12, from 8:30 a.m. to 12:30 p.m. The pancakes, along with juice, ham and milk or coffee, will be served in the Cornell cafeteria, 919 Cornell Street. Table service will be provided by the High School AFS and Hostess clubs. The yearly breakfast is the major fund raising activity of the local AFS adult chapter. Mrs. Lee Keck, 1967 pancake chairman, reports, "The breakfast is becoming an Albany tradition with its good food and interesting student speakers. Beginning at 9:30 a.m. an entertaining and variable continuous program will be held in the adjoining Cornell School auditorium." AFS exchange students will show films and talk about their home country and nations they have visited. Speakers will include Pedro Diaz, Albany's AFS student from Madrid, Spain, Brenda Boudville from Malaysia, Jonathan Rogers from Australia, and Sue Ipsen, an El Cerrito High school senior who spent her junior year in Chile. Tickets may be purchased at the door of the Cornell cafeteria on Sunday morning or secured beforehand through adult members of the Albany AFS chapter or high school club members. Since 1947 the American Field Service has provided opportunity for over 22,000 foreign students to live and attend high school in the United States. Serving as Albany hosts this year to Pedro are the J. A. Bachman family of 1134 Masonic Ave. At the same time, nearly 12,000 American teenagers have lived and studied overseas as part of the related "Americans Abroad" program. Letters from former AFS exchange students and their two respective "families" attest to the deep and lasting impression an AFS experience provides toward increased understanding among peoples of the world.

**Excerpts From
Mayor's Statement
On Call Appointment**
Reporters at the City Council
meeting Monday night were
handed six pages of material per-
taining to Mayor Richard Clark's
appointment of H. F. Call to the
City Council.
It is too lengthy to print ver-
batim, but here are high lights:
"... This candidate, a 24-year
resident of our city, is married
and has raised his family here."
owned by Frank Cortese and the
other, the mayor said, was his
own sign to "Support Local Col-
leges."
A work session will be held
on the matter, which, Clark said,
boils down to "community good
vs. personal or individual rights."
He said signs should be in good
taste. Howell added that the or-
iginal ordinance was designed to
permit people to deliver the mes-
sage without interfering with
their neighbors' view. Call said
there should be a limit some-
where.
The meeting adjourned at 8:45
after Call thanked the people who
had turned out, indicating their
concern with the city.
A champagne reception for the
new councilman followed at the
Lucky 13.

His two children were born at
Albany hospital and attended and
graduated from Albany schools.
He has been active in the Albany
Chamber of Commerce, and for
approximately eight years was a
Director. In addition, he has
received the Merit Award and
its Service Award and has served
as its President, receiving an
award for Outstanding Commu-
nity Service.
"His activities were of great
importance in bringing the Blind
Orientation Center to Albany. He
has been a continuing member of
Albany Little League, supporter
of the Albany YMCA, instrumen-
tal in the success of the United
Crusade and the Heart Fund. He
is a charter member of the Al-
bany Moose lodge and past pres-
ident of the Albany Lions club,
which awarded him their Gold
Medal of Appreciation.
"This superb record, which by
itself would have made this
choice effortless and easy for
all four of your councilmen, has
been marred by the existence of
two matters. Each of these two
matters, now long past, had crimi-
nal implications.
"... I have personally con-
sulted the authorities and have
learned that my nominee, when
he was a teenager, was appre-
hended in his home area in the
Carolinas for making whiskey in
a corn still.

Wednesday, Mar. 8, 1967 THE ALBANY TIMES 3
"Later he came to Albany...
where he became the successful
businessman and community
leader that we all know. In 1956,
he was accused of a violation of
the Penal Code of the State of
California. If my investigation
had born out these charges to be
true I would not have considered
him for this appointment...
On your behalf, this investigation
has been made and this is what
has been found:
"I have examined the entire
record of the case with a judge
of the Superior Court of the
State of California, who once
was the candidate's attorney...
He believes the charges were not
true and, had the matter been
tried, the candidate would have
been acquitted...
"Secondly, I personally went

tigation and found that the FBI
had thoroughly investigated this
man's entire business and per-
sonal activity as a part of his re-
ceiving a Presidential Pardon
from the then President of the
United States, John F. Kennedy.
"There can be no doubt that
this man was unjustly accused

quires that I decide to appoint

"It is with confidence that I ap-
point Mr. Hubert F. Call to be
seated immediately as a member
of Albany City Council."
Attached to the foregoing,
which was read by the mayor,
were two communications: one,
dated 1961, was notification to
Call of "full and unconditional
pardon" by the President. The
second, dated March 6, 1967, was
from Andrew J. Eymann, Superior
Court judge in San Francisco,
who stated that as Call's attor-
ney in the alleged violation of
the Penal Code in 1956, he had
believed in Call's innocence and
had advised him not to plead
guilty to any offense for any rea-
son.
"... Knowing Mr. Call, I would
unhesitatingly recommend his ap-
pointment as a fully-qualified
person from the personal integ-
rity and morality standpoint for
the important position of City
Councilman," the judge wrote.

JEROME BLANK REALTY

Dear Bob:

It was nice to hear that you are moving back to Albany. Sorry I haven't been able to find you a 3 bedroom rental—I don't think there's a vacant house in Albany, especially in Vista School District. However, we have the most charming older 3 bedroom shingle home on Madison St., for just \$18,750. Your maple furniture would look delightful in it. The kitchen and bath have been modernized, and there's lots of extras like built-in bookcases, paneled walls, full basement and ned garage. With a small down payment on FHA, the monthly payments would be cheaper than rent. Why don't you fly up and put a deposit on it?

CHP Warns About Parking Lights

California Highway Patrol
Commissioner Harold W. Sulli-
van today reminded California
motorists that it is illegal for
them to drive with only their
parking lights on.

During the winter months in
California many drivers have a
habit of switching on their park-
ing lights in the dusky morning
and evening hours.

This could be extremely dan-
gerous because drivers approach-
ing from the opposite direction
could mistake them for the head-
lights, and the smaller size of
the parking lights could lead
them to believe the car is much
farther away than it is. In a
passing or left turn situation a
serious accident could result
from this confusion about the
distance between the cars.

"There are no exceptions to
this law," Sullivan said. "Park-
ing lights must never be used
alone, when the car is being
driven."

Mosquito Warning By Health Dept.

Beautiful spring days are re-
leasing insects that were kept
prisoner in their eggs by winter
weather, warns deputy health of-
ficer Harold Van Coops.

Among these are mosquitoes
hatching out in overlooked water
containers, ponds, bird baths or
hollow trees.

Most effective protection is
draining the water off, according
to Van Coops. Mosquito fish or
gold fish will also effectively eat
them up. Least desirable, but
still effective, is poisoning the
water with oil or DDT.

If you are going away for over
two weeks, notify the Albany
Health Department, 526-6118.
Your pond will be checked while
you are gone to keep it from
hatching mosquitoes.

Cummings-Underhill

Mr. and Mrs. Lloyd B. Underhill
(Judith Andrea Cummings)
—Berkeley Photo Co.

The wedding of Judith Andrea Cummings to Lloyd Bruce Underhill took place at the Grace Lutheran Church in El Cerrito, Calif. The Rev. O. R. Janke officiated. Judith was given in marriage by her uncle, Ross Cummings, brother of the late Charles E. Cummings, father of the bride.

The bride was exquisite in a gown of white peau de soie made with a bell-shaped skirt, and having a brief scalloped over blouse and a lace covering the bodice. Her illusion veil was caught with a small pill box and a matching lace. She carried a bouquet of white carnations, stephanotis and orchids.

The maid of honor, Kathryn Underhill, was dressed in gold peau de soie with matching shoes and a hat crown. The bridesmaids, Angela Janke and Janis Potter, wore the bride, wore peau de soie dresses of deep turquoise with matching shoes and hat crowns. The bouquets carried by the maid of honor and the bridesmaids were of gold carnations.

The flower girl, Debra Louise Underhill, wore a turquoise blue peau de soie and a tiny blue hat. She carried a small basket of white stephanotis and carnations. Her brother, Douglas, accompanied her down the aisle as ring bearer. They are the niece and nephew of the bride.

Mrs. Delsa Cummings, mother of the bride, wore a street length ensemble of avocado green brocade with a matching wool and brocade reversible coat. Her accessories were a small milk flat and soft brown shoes, gloves and hat.

Mrs. Harry Underhill, mother of the groom, wore a street length beige brocade with lovely accessories. Each wore orals complementing their costumes.

Harry Underhill, Jr., of Daly City, was best man for his brother. Ushering were Donald Potter, brother-in-law of the bride, David E. Cummings and Ralph Cummings of Novato.

The reception was held in the church hall.

The wedding was doubly blessed by the presence of the bride's grandparents, Mr. and Mrs. Alfred Sampson of Oakland, who recently celebrated their 62nd wedding anniversary. Time-ly, too, was the arrival of Mr. and Mrs. Ross Cummings who have returned from a year and six months' tour of Europe. Many local and out of town guests attended.

Judith was graduated from Albany High school in the class of 1963. She received her Associate of Arts degree from Contra Costa Junior college.

Lloyd is employed by the Pacific Telephone company in Oakland.

The couple honeymooned in Yosemite and at Lake Tahoe and are now living in Oakland.

Upper Laurels Area in Tilden Park will be the location of the Senior Girl Scout "Pimmtwach" from 1 to 4 p.m. Saturday, March 11.

Planned by members of Northeast Bay Senior Girl Scout Planning Board, the event will have as special guests Cadette Girl Scouts of the area. It will give Cadettes a preview of what lies ahead in Senior Girl Scouting.

"Pimmtwach" is derived from the first letter of the nine Senior Girl Scout interests: Panorama, International Friendship, Marine, Mounted, Trailblazer, Wing, Arts, Community Action and Homemaking.

Any girl interested in joining a Senior Girl Scout troop will be welcome to attend the Pimmtwach, according to JoEllen Arnold of Albany High, president of Northeast Bay Senior Girl Scout Planning Board.

'Tomboy Wonder' At AHS Friday

This Friday night, members of the junior class at Albany High school will present a three-act play, "Tomboy Wonder" in the school auditorium at 8 p.m.

The play concerns May Turner, played by Ann Hulbert, who takes a cold medicine mislabeled by the local pharmacist, Doc Undermyer, and her experiences as a female Samson. Not only is the story about a strong girl but also about May's love affair with her sister Fluff's boy friend, George.

One day while Fluff (Sharon Fricken) and George (Paul Stewart) are sitting on the couch (May) are sitting on the couch, May walks in all dressed in her.

Up to this point only Mrs. Turner and Fluff know about May's super-human strength. Then the story leaks out and is picked up by a wire service. Mr. Turner is delighted, Fluff is jealous, even though she tries to conceal it, and May is miserable because she and George have split up after a tiff over male vs. female athletes.

What happens to George and May's relationship? Come and see if May remains the strongest woman in the world.

Other members of the cast include Mrs. Turner, Nellie Goldberg; Mr. Turner, Ken Potter; Laura, Kathi Moore, and Doc Undermyer, Pete duPree.

School Volunteer Program A Challenge to Albany

The recently organized Albany School Resource Volunteer Committee has now placed several volunteers in the schools in our city.

There has been a demand for this type of volunteer service in Albany for several years. The demand came primarily from parents wanting to assist teachers in helping children who need individual drilling during a particular phase of the curriculum that might be causing difficulty at the moment. In a classroom situation it is logical to believe that a teacher cannot give all the needed individual tutoring for any period of time without jeopardizing the learning processes of the other pupils.

The Board of Education met this demand by approving a program of volunteer help in the classroom under the teacher's direction.

Now then, the question is "Can the parents and citizens of Albany meet this new challenge?" Volunteers are assistants to

and not replacements for teachers; the teacher's judgement is at all times final. The qualifications for a volunteer are an interest in children, time and the willingness to work not less than two hours each week to be effective. When volunteers are interviewed, they are made aware of the strict ASRV policies governing this program.

Now, you think, "What can I do?" Return your application form to ASRV headquarters, 904 Talbot, Albany (526-6441). Application forms are available in the Times office, the City Hall and the City Library, the elementary school offices, as well as in the Village.

LARUKA COUNCIL

Degree of Pocahontas, Laruka Council 46, will hold Adoption Ceremonies for new members at the meeting Thursday, March 9, at 8:30 p.m. at the Foothill Blvd. Women's club, 2535 Mason Street, Oakland.

He worked as an engineer for the El Dorado Oil company for over 20 years, retiring October, 1954, and has since donated many hours of his time making saleable novelties for Charity Thrift Stores.

Wives of Foreign Students Enjoying International Kitchen

"Getting to know you, getting to feel free and easy," comes naturally in the friendly atmosphere of the Berkeley Red Cross kitchen where foreign students' wives from many lands meet with some of their American counterparts to prepare and eat their native dishes and exchange recipes.

British born Mrs. Gene Kirchoffer, new chairman of the "International Kitchen" group, is eager for more wives of foreign students to take advantage of this opportunity to make new friends from other countries through the common interest of cookery.

"While we cook lunch, our children play together. It is a wonderful way to integrate into the community and to learn the domestic customs of America and other lands," Mrs. Kirchoffer said.

"International Kitchen" is sponsored by the Berkeley Red Cross as part of its International Activities program. It is self-supporting; each member contributing to defray the cost of the food used.

The group meets at 10 a.m. the third Thursday of each month in

the kitchen at the Berkeley Red Cross, 2116 Allston Way. Different cooks take charge of each luncheon, with foreign wives alternating with Americans in preparing their native foods, while other members help or watch.

Foreign students' wives interested in joining the group may contact Mrs. Kirchoffer by phoning 845-4749, or they can call Mrs. Roy Macdonald, Red Cross International Activities chairman, 843-4515.

Earnings of Pacific Telephone Co. Reported

Pacific Telephone has reported earnings of \$1.30 per common share for 1966, unchanged from 1965 and down from \$1.38 in 1964.

President E. Hornsby Wasson said, "Financially, it was not a successful year. There were many accomplishments during 1966, but we failed to make any basic improvement in our earnings position."

California's continued growth makes Pacific Telephone's task larger and more complex than ever, Wasson continued.

"The housewife requiring a single telephone and the business installing a huge computer system each deserve nothing less than the best the art of telephony has to offer."

"But to provide the best," Wasson said, "we must have sufficient earnings."

He noted that dividend payments, at the current rate of \$2.20 per common share, amounted to more than 90 per cent of common share earnings for the second straight year.

Total operating revenues of Pacific Telephone in 1966 were \$1,454,741,000 compared to \$1,334,613,000 the previous year. Operating expenses last year were \$953,482,000, up from \$863,478,000 in 1965.

Net income amounted to \$153,600,000 last year, while the 1965 figure was \$147,395,000.

New contracts with unions were signed in 1966, resulting in wage and salary increases and fringe benefit improvements totaling \$34.7 million annually.

Profits paid by Pacific Telephone and its subsidiary, Bell Telephone Company of Nevada, totaled \$611 million last year.

In California, the company and

its Bell System partners purchased \$240 million in goods and services from 5,000 other firms in 1,800 communities. State and local taxes totaled \$151 million, including California's largest property tax bill—\$123 million.

Net increase in telephones for California and Nevada during 1966 was 445,000, bringing the total for the two states to 8,949,000, 93 per cent of which are equipped for direct long distance dialing.

Letters

Editor, the Times:

This is the girl from Quincy, the Foreign Exchange student from Turkey called Ayten Akoba. I'm the student that spent a happy and enjoyable week with the Zugnoni family and went to Albany High school.

First and foremost I want to mention how much I enjoyed my time at school going to different classes and trying not to get lost. I liked to go to classes that I used to take in Turkey, such as chemistry, biology, physics. By the way, I'd like to thank chemistry teacher Mr. Barnes for giving me an opportunity to talk on

Turkey to his class. I felt myself in my geography class in Turkey while I drew the map of Turkey on the board. I can honestly say that I just love school life and education. It's a pleasure going to study and being involved with world affairs rather than self-beings.

I'm so thankful for the golden opportunity that made me come to U.S. I would probably never have the chance to come besides AFS scholarship. Though I'm losing my first year in higher education, this doesn't seem a loss to me. I'm facing a somewhat unique experience that school books fail to give. The one thing that sometimes makes me low-spirited is not to see the people in the future that I got

used to. I'm not sure whether I would get another chance to come back to this beautiful land of yours or not. Might be another scholarship would help me. I hope for the best!

I send Quincy High school's greetings to Albany High school. I send my own special greetings to Albany high and its students, too.

Honorable John L. McLellan
Chairman-Senate Subcommittee on Criminal Laws and Procedures
United States Senate
3241 New Senate Office Bldg.

Washington, D.C. 20510

Dear Sir:

I believe the many Supreme Court decisions that have recently been handed down by that Body, have adversely affected law enforcement and justice more than anything I have seen in my 19 years as a peace officer. One man is determining law in this country, and these determinations overwhelmingly favor the criminal.

Some of the ridiculous interpretations of these decisions by our local courts have resulted in cases being dismissed and have created a very serious morale problem among peace officers.

Of course the Miranda Case, in which murderers and other vicious criminals, of whose guilt

there is no doubt, are being released to prey upon the people, in my opinion is so idiotic as to be unbelievable.

Our inability to do our jobs and the release of guilty persons because of these various decisions has made a mockery of justice.

The tragic part of this, is that the public whom the law is supposed to protect, is really suffering. It is the public who bears the brunt of criminal activity.

I sincerely believe in the rights of the people, as guaranteed by the United States Constitution, but I am horrified by the interpretation of these rights by the Supreme Court.

National fire statistics reveal that one out of every five fires is caused from misuse of electricity.

A few simple rules to follow regarding electricity in the home are as follows:

1. Blowing of fuses is a danger signal for overloading of electric circuits.

2. A proper size fuse is a safety valve—do not tamper with it.

3. Use the services of a licensed electrician for any repairs or extension of wiring.

4. Buy only electrical appliances and materials approved by the Underwriters Laboratories. A UL label is attached to all approved items.

5. Check extension cords frequently. Never run cords where they may be open to wear. Discard any cord of doubtful condition.

These simple but common sense rules may save your home from the statistical column of the national fire causes from electrical sources.

"Down the Lane" by Art Lane Albany Bowl Junior Bowling News

Steve Muranishi led the Pepsi-Cola Prep boys with a consistent 145-146-291. The real surprise though, came from an 89 average, Ann Nakao, who rolled a nice 153 duplicate, for a 306 series. Other duplicate series were shot by Tim Nash with a pair of 59 games and Eric De Maria with two 84s.

The two high series in the American Legion Post 292 league were both shot by members of the Knapp's Mixers team. Cheryl Buechel was high for the

girls with a 185-470, and Andre De Ridder was high for the boys with a 181-511. Jake Eber had a nice 210 game for Plaza Car Wash.

In the Exchange Club Junior Classic, Bruce Tautsui of Plaza Electric shot a 202-742. Others in this league breaking 700 were Al Wong of Nib's Burgers, 214-735, Randy Felix, 719, for the Albany Tire Service team, and Larry Kennedy, 203-717, for Flow-erland Nursery.

Rich Lewis, 153-136-289, led the boys in the Pepsi-Cola Albany Recreation league. Venus Huber paced the girls with a nice 158-116-274. Mark Campana rolled a 96 duplicate.

Charles Pierce was the leader for the boys in the Junior-Senior Trio, with a 195-561. Bruce Johnson was runner-up with a 200-538. Cathy Allara's 159-433 paced the girls in this league.

A. D. VOSE of Albany has graduated from the California Highway Patrol academy in Sacramento, where he underwent 16 weeks of training in more than 70 subjects. He will be an officer of the Highway Patrol in San Leandro.

Military Cemeteries To Be Expanded

The Assistant Secretary of Defense announced that the Department of the Army will acquire property to expand Fort Rosecrans and Golden Gate National Cemeteries.

Any veteran in need of information or help in connection with any veteran program is urged to communicate with the service officer or commander of Albany post 2658.
